WASHING COMPOUND.

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this Soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft

Thirdly, it so modifies the action of boiling water on woolen goods that their fibres do not contract under its influence, and your woolen garment is as large after boiling as before.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth, the goods do not require any rubbing or patent washing machine—all that is necessary is a few minutes boiling and a good rinsing.

ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purpose mentioned in the following act of the General Assembly of North Carolina.
WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided,* That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further,* That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investment of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, APRIL 6, 1869.

CHIEF JUSTICE PEARSON TO GOVERNOR HOLDEN.

"I am sorry, Governor, that the Court has ordered one of your officers to jail for contempt."

Governor Holden: "Court or no Court, Chief Justice or no Chief Justice, d——n me, Sir, if my officers go to jail until you go over the dead bodies of my militia."

Governor Holden as he is hurrying to the mob on Market Square, followed by a posse, meets a Minister of the Gospel, and without the least provocation raises a big black stick, and cries out with the voice of a white-livered coward, "Who are you, Sir?"

BREAK YOUR TICKLER, OLD MAN.

Governor Holden once advertised us as having broken our tickler. Now we advise the Governor to break his. We asked in our first issue after the attempt of the Governor, by his speech to incite the mob against us at the Town Hall, "If he was drunk." We had never heard of the Governor's swearing or getting drunk—but he does swear and drink at the grog shops.

A swearing, drinking Governor is in danger at least of getting drunk. Now the Governor's speech at the Town Hall; his refusal to cease speaking when ordered by the Mayor, and his brandishing his black stick over a Minister of the Gospel who was passing him in the street without a word, is all accounted for, from the fact, that he came from a grog shop, in which he had been drinking, to the Town Hall.—Let us have less whiskey and more peace in the Executive Department.

JUDGE TOURGEE.

Chief Justice Pearson pretends that, in the case of Smith vs. McIlwaine he was enlightened by rays of Judicial light, reflected from the lamp of Judge Tourgee. The Judge is so gratified at having this stranger from Ohio on the bench, instead of his old friends B. F. Moore, Judge Bailey, Judge Barnes, Judge Manly, or Judge Gilliam, that we give every thing we hear of him, as a matter of interest to the Chief Justice and the Court.

Thomas Ray, a hard working, industrious man of Caswell, thinks himself unjustly dealt with by Judge Tourgee. Taking Ray's statement, in connection with the fact that a poor negro *as sued* the Judge for a small debt at Greensboro, we think the evidence is against the Court. In Mr. Ray's letter to us was enclosed one from Tourgee to him which was abusive, and showed the Judge wanting in good manners.

We heard that the Judge insulted some of our best citizens, when they came to register, by asking them if they had ever been whipped at the whipping post. We hope this is not so, even if it would please the Lieutenant Governor, and certain Judges, to know that a squatter from Yankeedom had thus insulted their Southern brethren. But Mr. Ray must speak for himself:

YANCEYVILLE, April 1, 1869.

MR. TURNER:—I was on the registration board in this county with A. W. Tourgee and Pharoah Gloss, colored, at the first registration. I furnished my own horse, or mule, and buggy, and carried Mr. Tourgee to the different precincts. No special agreement was made about defraying the expenses, but I expected, of course, that Mr. T. would pay half the *actual* expense, leaving out the use of my horse, or mule, and buggy. He refused to pay it and has not done so to this day. I paid them *all* except one bill of $9. He said Pharaoh and I must pay *his* expenses to compensate him for doing the *writing* of the board. When I went to Greensboro to be qualified, *I told him I could not do the writing. He said that made no difference—he would do that.* I carried him to and from the Railroad Depot whenever he wished. He boarded in my family thirty-two days. His half of the travelling expenses, together with a small sum put in for his board and washing was about $32. I presented the account to him, asked him for the money, told him I had paid it *out of my own pocket*. He refused to pay it, and said I must go to the estate of Pharaoh Gloss for half of it. Pharaoh had committed suicide by drowning himself, and left nothing at all. Pharoah walked around to the precincts, and paid his own expenses. I advanced no money for him, and he owed me nothing. At Milton I told Mr. T. I was short of funds, and asked him (fearing I would not have enough to last me home) to pay our bill at the Hotel. He borrowed $5 of a colored man and paid it. When we went back to Milton next time, *I had the whole five dollars to pay.*

I am a farmer, have worked hard for what I have, and I am unable to lose it, and a Judge, who receives two salaries, one as a Judge, and one as a Code Commissioner, amounting to near $5,000 per annum, should not hesitate to pay so small and so just a claim. THOMAS RAY.

P. S.—When the registration commenced at *Yanceyville*, Mr. Tourgee wished to erect a kind of latticework enclosure, or bar, to prevent persons crowding the board. I objected and he had it erected at his own expense. Failing to pay the carpenter as soon as he promised, he (the carpenter) warranted him. The warrant was served on him just as we were leaving for our appointment at Milton. He said he lacked 50 cents of having enough to pay the amount of bill, and, if I would loan him 50 cents, he would pay it back. I did so, *but he never paid it.*

COMING SOUTH.—The Manchester *Union*, New Hampshire, deprecates the way in which that country is threatened to be depopulated, and says "people are going to the South in droves."

This is good news. Come on. A good climate, rich mines, swelling acres, a peaceful people will welcome you to the "Old North State." Be not deterred by what you may have read and heard, but come and see for yourselves. We want industrious citizens to take up their abode with us—persons who know how to use the hoe and the axe, and the plough, and the plane, and the hammer—persons who have some capital to invest in our lands and mines, and water power.

FATA VOLENTEM DUCUNT.

In these columns we have already expressed our purpose to do our President justice. We cannot possibly have our interest advanced by finding in him a sturdy and resolute enemy of the South. If we know our heart, we are quite as anxious as the most uncompromising Radical, to have in him the trusty friend, for is he not both the power on the throne and the "power behind the throne?" We hope so, and so say his friends. He is walking a pathway all strewn with thorns and hedged with briers. It offers a life of trial and temptation. At the end of the vista that stretches away for four years is the curule and Io Pæans. But even these may be averted.—It is possible for the cyprus wreath to entwine the brow, and the curses of a nation to mingle with his requiem. If during the four years of probation and suffering he is true to God, to his conscience, to his people, he will stand amid the glory-crowned in a great nations Valhalla; but if he fail in discharging the vast duties which belong to his office with an eye single to the welfare of an entire nation, and lend himself to party schemes and party prejudices, and become only the President of a fragment, a section, he may expect the anathemas of the living and the unmeasured scorn and contempt of the generations to come. General Grant has but "one chart," as Patrick Henry said, by which to steer. "If he sink the patriot into the partisan merely, he is gone, gone irretrievably. He must let duty be his pole star—duty to country, duty to self. He comes to the Presidential chair at a most peculiar time. It is a time of crisis, a time of trial, a time of peril. It is a time for patriotism and wisdom and strength, and not a time for party-service, and ignorance and weakness."

"Cromwell, I charge thee, fling away ambition;
By that sin fell the angels; how can man then,
The image of his Maker, hope to win by't?
Love thyself last: cherish those hearts that hate thee;
Corruption wins not more than honesty.
Still in thy right hand carry gentle peace,
To silence envious tongues. Be just and fear not;
Let all the ends thou aim'st at be thy country's
Thy God's and truth's; then if thou fall'st O Cromwell,
Thou fall'st a blessed martyr ——."

Nations have their historic period and so have individuals. "There is a tide in the affairs of men." Some are wise and wary, and seize the occasion and win the highest place in a great nation's favor. Others are destitute of that pith and soul—*the mens divinior*—and they go out with the ebbing flood and are forgotten forever.

General Grant without great capacity has it in his power to achieve a high success, and to become one of the most popular men that have yet lived in this hitherto well-favored land. If he is determined to do right—*Fiat justitia, pereat mundus*, if he regard "duty as above all consequences;" if he look neither to the right hand, nor to left, but right ahead, he will not be disappointed. There is enough of goodness left to appreciate justice and right, and he will gather to himself by a course of virtue and equity the good and pure, whose smiles of approval are worth a thousand times more than the applause of the sycophant or the endorsement of the corrupt. Let him have faith in his people, and be guided in his conduct by wise principles, and all will be well with him. Let him bear in mind that the wise Seneca has said, that, "Power exercised with violence has seldom been of long duration, but moderation generally produces permanence in all things."

We want a wise, good President. May Gen. Grant meet that want! He has not made as good a start as we had hoped. It may be, as he becomes familiar and to his irksome and novel duties, he may become wiser and truer to all the States and to the solemn oath he took when he was inducted into his present office. There is a South as well as a North and an East. There are suffering and want here in these lands of former prosperity. Here stalk about lean-armed, hungry-eyed victims begging for bread. Here the cry of want and misery ascends to the Father who sits enthroned above the circle of the Heavens. Here are oppression, and riot, and wrong, and slanders many. Will he not heed and help? Oh, General Grant, listen to the sweet words of one who bore himself bravely in the army in which you won your name; hear how a gallant and gifted spirit once sung of the mercy due the South; hear how the noble Halpine, whose form is still "in the alabaster arms of death," poured forth in melodious verse the living charity of his own bright soul, and heed him as you hear:

"Be our canons to the South,
Genial in deed, and in word of mouth;
For no craven brand on the forehead shines
Of the men who met us in volleying lines
And fought for the flag of the South."

GEORGIA.

The Radicals in Congress are bent on doing wrong. They do not intend if they can help it, that any solid peace shall come. They have put a strait jacket on Grant, and now they propose an abominable outrage against Georgia. By certain recent movements, it is quite apparent that the iron clad oath is to be administered. If this is done, of course but few whites can vote.—The *National Intelligencer* remarks:

"Two *pretexts* are assigned for this tyrannical action: First, That the State Legislature of Georgia expelled the negroes therefrom. Are negroes allowed to sit in the Legislatures of Illinois, Indiana, Ohio, Pennsylvania, or New York? That the State Constitution of Georgia is violated by this act of her Legislature is denied by her Courts, and if there be doubt let Congress refer the question to the United States Supreme Court for decision.

The reconstruction acts require negro suffrage, but do not require that negroes shall be eligible to office. Congress has declared explicitly by-law that Georgia has complied with the reconstruction laws.—Will it eat its own words? Is reconstruction never to cease, or to be kept up forever?"

There is one fact connected with this Georgia matter that deserves attention.—The XVth Amendment was defeated by the Radicals themselves. Eleven Rads and eight Democrats voted against its ratification. Now, Georgia is to be reconstructed afresh in punishment for her action, and the action of certain scallawags and carpetbaggers "who would not swallow the new Congressional pill."

Legislature of North Carolina.

SENATE.

AFTERNOON SESSION.

MONDAY, April 5.

The consideration of the Penitentiary bill was resumed.

Mr. Hayes offered an amendment, that the site shall be selected by the Commissioners and submitted to the General Assembly for approval.

Mr. Cook moved a reconsideration of the vote by which Raleigh was selected as the site for the Penitentiary.

On this motion, a discussion sprung up, in which Mr. Davis participated, advocating a reconsideration.

A. H. Galloway, colored, spoke against a reconsideration.

Mr. Sheffner moved to lay the motion on the table, which resulted yeas 14, nays 20.

Mr. W. D. Jones spoke against the motion to reconsider.

Mr. Lindsay asserted that the action of the morning was fair—forty-one Senators were present, and the fight was a fair one. He had no idea that the intention of the movers was to carry it to Salisbury, but down on the Deep River, to the original site. He preferred rather to have no Penitentiary, than to have it carried to the site of that great swindle. He believed that was the object of the majority.

Mr. A. J. Jones, upon the score of economy, preferred any other point in North Carolina to Raleigh. He asserted his preference for Salisbury—though he expressed his doubt as to any locality this General Assembly may adopt, as he believed the Lockville site would be used at last.

Mr. Osborne thought the fight this morning was fair—he had no idea, no thought that Salisbury would be selected—he would be happy to think so.

Mr. Welker had advocated any other locality. He should now stand by what a majority of the Senate had done—they had voted this morning knowingly; they knew what they were doing, and he would now stand firmly by their action.

Mr. Robbins regretted that the Senator from Mecklenburg had so little faith,—he had a hope of getting the location.

Mr. Love looked upon the manœuvre as a scheme to put the Penitentiary down in the Deep River Valley. He thought he could see through the whole thing. Salisbury failing, an appeal would then be made for Haughton's Pond.

Mr. Love hoped the Penitentiary would be kept at Raleigh.

Mr. Davis disclaimed any manœuvering, but asserted that he was in favor of Lockville, or some point on Deep River.

A. H. Galloway, colored, again addressed the Senate in defence of the site at Raleigh, at length—reviewed the Lockville transaction, and denounced it. He did not consider the Raleigh offer of $10,000 as a bribe—Salisbury and other points had made similar offers, &c.

Mr. Cook arose to a question of privilege—he neither drank liquor, smoked cigars, or visited places where these things were sold—therefore, certain remarks made by the Senator from New Hanover did not apply to him—he, Mr. C., moved a reconsideration in good faith.

The question then recurring on the motion to reconsider, resulted in yeas 17, nays 20. The motion to reconsider did not prevail.

Mr. W. D. Jones moved that the first section be so amended as to require the Commissioners to select the site and report to the present session of the General Assembly. Adopted.

Mr. Davis moved to strike out sec. 1st.

Mr. Brogden opposed the motion.

Mr. Welker hoped the section would stand, that the people would see what kind of legislation is done at Raleigh. It ties the hands of the Commissioners, and the convicts would have to remain in the county prisons until November, at the expense of the people of the counties.

The question then being on the motion to strike out sec. 1st, resulted in yeas 3, nays 33.

One or two minor amendments were made, and the bill then passed its 3d reading.

Mr. Lassiter introduced a bill in relation to the University.

Adjourned.

HOUSE OF REPRESENTATIVES.

AFTERNOON SESSION.

MONDAY, April 5, 1869.

House called to order at 3 o'clock.

On motion of Mr. Snipes, the rules were suspended for the purpose of acting upon bills, authorizing the Commissioners of certain Counties to levy a special tax.

The bills in regard to the Counties of Hertford, Person, Henderson, Polk and New Hanover, passed their third reading.

SPECIAL ORDER.

The consideration of the motion to reconsider the vote by which the resolution raising an additional Committee to investigate the Chesapeake and Canal Company was lost after some debate, the motion to reconsider was put to a vote and carried.

The resolution then passed its several readings under a suspension of the rules.

Mr. Gilbert, from the Special Committee appointed to consider the bill submitting the new Railroad appropriations, to a vote of the people, reported back the same, and recommending that it should pass.

The report of that Committee being the special order for this hour, it was at once considered.

Mr. Gilbert said he introduced this bill because he was opposed to forcing upon the people the overwhelming burden of taxation that these appropriations will entail without their direct consent given at the ballot box. He had voted for all the Rail road schemes that had been presented to this Legislature and would vote for as many more if they could be submitted to the people who would be taxed to build them.

After a considerable debate, the question recurred upon a substitute for the 6th sec. of the bill, offered by J. H. Harris, of Wake, colored, which provides that the bill shall not apply to the Western R. R., North Western N. C. R. R., Atlantic, Tennessee and Ohio R. R., and the Wilmington, Charlotte and Rutherford R. R.

Mr. Argo said he would like to see the section so amended as to include all the appropriations heretofore made. He, like many others, had voted for them thinking they would be submitted to the people for approval or non-approval.

After some discussion, the substitute was put to a vote and adopted.

The bill then passed its third reading by a vote of yeas 60, nays 4.

[Messrs. Barnett, McCanless, Sykes, col., and Thompson voting in the negative.]

By John Williamson, colored: A bill to authorize the election of an additional magistrate in the town of Louisburg. Referred.

Mr. Moore, of Chowan, moved to reconsider the vote by which the bill in reference to the Canal leading from Matamuskeet Lake to Yoocking failed to pass its third reading.

This created a considerable debate which finally resulted in the motion being defeated by a vote of yeas 32, nays 34.

Adjourned.

SENATE.

TUESDAY, April 6, 1869.

Mr. Welker moved a suspension of the rules in order to consider the bill in relation to a line of Steamers between Norfolk, Va., and Flushing, in Holland.

Mr. Hayes opposed the suspension, as he considered it a scheme to get more money from the people. He did not think any good could result to the State by the importation of Dutch laborers to work our swamp lands.

Mr. Welker thought different—he did not think the sneers of the gentleman in good taste—they were the kind of people to bring prosperity to the State.

Mr. Hayes disclaimed any intention to cast a sneer at the Dutch—Hollanders were called Dutch.

Mr. Welker withdrew his request.

Message from the House of Representatives transmitting bills and resolutions, asking the concurrence of the Senate.

House resolution allowing per diem to members during the recess, was read first time; and

Mr. Graham moved to postpone the resolution indefinitely.

Mr. Moore, of Carteret called the previous question. Sustained.

The question then being on the passage of the resolution, resulted, yeas 6, nays 30.

Mr. Cook made a report in regard to the corporate line of the town of Hendersonville—defining its limits, report favorable.

Mr. Cook reported on the bill to charter the Louisburg branch of the Wilmington and Weldon Railroad—favorable.

Mr. Martindale asked a suspension of the rules, in order to act on the resolution providing for the funeral expenses of the late D. J. Rich. The resolution was read third time.

Mr. Love moved its reference to the Committee on Finance, with certain instructions. Failed.

The resolution was then read; when

Mr. Love moved to strike out the amount proposed in the resolution. Failed.

The resolution then passed by the following vote: yeas 27, nays Messrs. Love and Beall, 2.

Mr. A. J. Jones presented a memorial from citizens of Columbus. Referred.

Mr. Welker reported favorably on the bill in relation to the University.

The school bill as amended by the House, was next considered.

Mr. Martindale moved that the Senate do not concur in the amendments.

Mr. Cook called the previous question in order that a Committee of Conference be appointed.

The question recurring on the motion of Mr. Martindale, resulted in the following vote: yeas 21, nays 19.

The Senate refused to concur.

Mr. Blythe introduced an act supplemental to an act to raise revenue, read 1st time. Exempts insurance companies whose objects are charitable.

Mr. Jones, of Wake, and Mr. Murphy advocated the passage of the bill.

The bill was referred to the Finance Committee.

Mr. Welker introduced a resolution in relation to direct trade. [Has reference to the line of steamers between Norfolk and Flushing, Holland.]

The resolution passed.

Mr. A. J. Jones moved a re-consideration of the vote by which the Penitentiary bill passed its third reading on yesterday.

Mr. Barnes arose to a point of order.—When the Senate adjourned on yesterday, the motion pending was the motion to lay the motion to re consider on the table; Mr. Shoffner moving to re-consider and A. H. Galloway moving to lay that motion on the table.

Mr. A. J. Jones did not move a re-consideration to-day from a factious disposition. He did not desire to change the location, but to make some important changes in the bill.

A. H. Galloway (colored) then moved to lay the motion made by Mr. A. J. Jones on the table, and on this motion called the yeas and nays—result, yeas 19, nays 20.

The question now recurring on the motion to reconsider.

A. H. Galloway, colored, declared his position immovable—he should stand firm in support of the bill as it now stands.

Mr. Barrow did not favor a reconsideration.

Mr. W. D. Jones spoke against the motion to re-consider.

Mr. Moore, of Carteret called the previous question—sustained.

The question then being on the motion to reconsider, resulted, yeas 17, nays 21.

Mr. Graham moved that the bill be at once transmitted to the House.

Mr. Respass said, he only voted for a reconsideration, in order that the Senate might recede from the appointments of Mr. C. L. Harris, as one of the Commissioners—the Senate had no right to make this appointment.

Mr. Graham's motion then prevailed.

Bill to amend an act in relation to the special Courts of Wilmington and Newbern, read second time, amended and passed.

Act providing for a Bureau of Emigration, read second time, and,

On motion of Mr. Welker, was postponed till Nov. 4.

Bill providing for the election of Commissioners of Navigation and Pilotage, for the Port of Beaufort, read second and third times and passed.

Bill for the protection of married women, read second and third times and passed.

Act in relation to punishment, read 2nd. time, and, pending its consideration, the Senate adjourned.

The bill to regulate proceedings in partitions and sales of real and personal property was on motion of the same taken up and passed its several readings.

Mr. Hodnett said the report of the Commissioners of Caswell county and a very complete map of the county had been submitted to the General Assembly and been approved by the Committee. He demanded it, as a right, that the county of Caswell be inserted in the bill. He moved to insert Caswell county.

The amendments reported by the Committee was concurred in.

Mr. Hodnett's amendment was also adopted.

Mr. Vest moved to amend section 5 so as to provide that the County Commissioners shall designate at what place in each township the election of township officers shall take place. Adopted.

The bill after undergoing further amendment passed its third reading.

A message was received from the Senate refusing to concur in the House amendments to the school.

Mr. Stilley moved that the House do not recede from its amendments, and that the proposition raising a Committee of Conference be concurred in. Carried.

SPECIAL ORDER.

Bill to authorize the construction of a Railroad from Wilmington to Plymouth.

Mr. Stilley spoke for some time.

Isham Sweat, colored, moved to amend by submitting the bill to a vote of the people.

Mr. Welch and Leary, colored, supported the amendment.

Mr. Stilley opposed it.

Mr. Seymour offered the following substitute for Sweat's amendment: "Provided that the provisions of this act shall not take effect until the same shall have been ratified by a majority of the legal voters of the State, for the purpose of such ratification this act is considered as coming within the provisions of "an act concerning certain Railroad appropriations, submitting the same to the people."

Sweat accepted the substitute.

Mr. Moore, of Chowan, opposed the amendment.

Mr. Estes was in favor of it. He did not believe that the whole of the appropriation asked for in the bill would carry the Road out of New Hanover. He spoke at length.

Mr. Seymour spoke for some time against the whole bill.

After some further debate the House adjourned without any final action.

LIFE INSURANCE.

ALL CASH PLAN OF THE
ÆTNA
LIFE INSURANCE COMPANY,
OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over $10,000,00
Annual Income, 6,000,000
Surplus, above Liabilities, 2,000,000

THE ÆTNA
Has $136 Assets for every $100 Liabilities.
ALL POLICIES STRICTLY NON-FORFEITING.
CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!
DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.
Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.
The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the Ætna:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

March 17-tf

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7,161,304 11
Income from Interest,	1,584,905 48
Total Income for the year,	8,746,209 59
Losses paid,	1,231,335 00
Dividends paid,	328,284 00
Total Losses paid to date,	8,6[illegible],883 60
Total Dividends paid to date,	2,197,2[illegible]8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested, for every $100 of its Liabilities.

LOCAL DEPARTMENT.

TUESDAY, APRIL 6, 1869.

NEW ADVERTISEMENTS.—A new arrival of choice family groceries at Douglas Bell's.

Choice Stock of Whiskies at Douglas Bell's.

Corn, Meal, Peruvian Guano and Maryland Phosphates at Douglas Bell's.

Lost, a soldier's discharge by Franklin Brent.

A GOOD SALE.—The valuable lot belonging to the estate of John Kane, deceased, which has been advertised in the *Sentinel* for some days, was sold to-day at public auction for $8 200. B. P. Williamson, Esq., one of the most energetic and enterprising business men of the city was the purchaser. We suppose he will soon erect another fine store to beautify Raleigh. †

MESSRS. WILLIAM B. FARRAR & Co.—We direct our readers to the card of this firm to be found in another column. They are engaged in that kind of business in which many of our people are interested.

BRIGNOLI.—This great singer is to be here on the 8th inst. We learn that a large number of tickets have already been sold. Call at Williams & Lambeth's.

THE Agricultural Club will meet next Saturday afternoon in the Court House.—The farmers are specially invited to be present.

TOBACCO in demand at—the *Sentinel* office. A word to the wise, it has been said several times, is sufficient. We will await and see. Persons disregarding this hint may expect soon to see, not a spectre, but a †

BLAKE'S PATENT CHAIR SPRINGS.—We acknowledge ourself indebted, to Mr. Frank W. Stevenson, for a pair of these delightful chair springs—a recent and capital invention. They are made of the best steel, and two of them placed under the front feet of a common chair, make a most delightful spring, oscillating or rocking chair, thus dispensing with *rockers* a nuisance in any house-hold. The price is only one dollar. Mr. Stevenson can be found at Bradley & Christophers's, where he will be pleased to receive orders.

Our new chair is so pleasant, that we should expect to take many a quiet *siesta*, if it were not out of the question for an editor to be guilty of so refreshing an indulgence. †

THE ELECTION.—We hope our citizens will bear in mind that the election is on Thursday the 8th instant. Remember that the $50,000 loan is to be decided then. Every tax payer is interested. †

APPRECIATION.—We clip from the Charlotte *Courier Bulletin* the following deserved compliment to our townsman H. T. Clawson, Esq:

PAINTING.—We have inspected some beautiful painting executed in the First National Bank of Charlotte, by Mr. Clawson.

This gentleman is from Raleigh, N. C, and he is an accomplished artist; otherwise Mr McAden would not have engaged him. His prices are much more reasonable and his work is as well done if not better executed than similar work has been turned over by painters in Charlotte. His painting is exact to nature and we hope he will be literally patronized.

LORD MACAULAY.—It is very singular that so many editors misspell this distinguished author's name. Probably he is more generally known than any modern historian, and his name is certainly as near a "house-hold word" as that of any literary man of the century, with the exception of Sir Walter Scott and Charles Dickens.—And yet, we rarely meet with his name in newspapers that it is not spelt wrong.—*Macauley* is the most frequent error, but it is sometimes spelt *Macauly*. Sometimes too it is written McAulay or McAuley, or McCauley or McCauly. In fact the noble Lord would not know his own name if he were *redevivus*. We think that persons who are indebted to his wonderfully gifted pen for so much that is graphic and eloquent and impressive, should at least pay his memory the poor compliment of spelling his name correctly, specially when he is appealed to as authority. †

NEW YORK MARKET.—We copy from the Circular of Messrs. Dibble, Worth & Co, 188 Pearl St., the following prices of articles. Super Flour $6 to 6,75. Family 10,50 to 12,00. Lumber flooring per M,3 months,32,00 to 33,00. Cedar per cubic foot 25 to 75 cts. Tallow 11¼ to 12. Wax 48 to 49. Bagging 21 to 22. Rio Coffee 20 to 25 Brown Sugar 12 to 12¼. C. Sugar 15½ to 16. Flax Seed per bushel, 2,75 to 2 90. Wilmington Pea nuts (28lbs) 1,50 to 2 50. Unpealed peaches per pound 12 to 15. Pealed do. 10 to 25. Blackberries 20 to 24 Pealed apples 9 to 13. Southern White Wheat 180 to 190.—Red do. 160 to 170. Iron Ties 7 to 8. Hay per 100lbs., 80 to 90 cts. †

GENERAL LONGSTREET.

This once admired and honored soldier has received his reward for perfidy and folly. He will live long enough to deplore his action. He has been appointed, and his appointment has been confirmed by the Senate, to the Collectorship of New Orleans.

An American writer has said this:

"There are many moral Actæons, who are miserably devoured by objects of their own choosing, as was the fabulous one, by his own hands."

The great axiomatic author, La Rochefoucauld, hath left this among other wise sayings, and it is true as applicable to the "lost hero" aforesaid:

"Our *virtues* disappear when put in competition with our *interests*, as rivers lose themselves in the ocean."

"Alas! poor Yorick!" †

IN VINCULIS.

That General Grant has been perfectly and thoroughly overreached by Butler & Co., there can be no doubt. It is true he fought against the riveting of the chains, but in spite of all resistance they have been placed upon him. We need not say, that we regret and deplore the result of the fight.—With the Tenure-of-office bill in force there can be no true independence of action on his part. It binds him fast to the Radical car, and he must henceforth walk in their triumphal processions as a prisoner in chains. The telegraph has announced that he had signed the bill—signed away, by the act, his own liberty, and, it may be, the liberties of his people. We wish our readers to see how this latest triumph of faction over Constitutional prerogative is hailed by the Northern Radical press. The Washington *Chronicle* (Forney's sheet,) says, "A Republican Administration and Republican President march together." "Grant has cast his lot entirely with the great party that stood by him in war and peace."—"The Republican party is at last in full command of the situation."

The Philadelphia *Press*, another of Forney's papers, says:

"It was stated that General Butler had sold out to *the repealers*, and that, in fact, the bill agreed to by the committee *was a crafty deceit*. The House, nevertheless, did not see the *cat under the meal*, and agreed to it with but little delay. The Senate followed suit forthwith, and the bill will be sent to the President to-morrow."

The Newark (N. J.) *Advertiser* (Radical) says:

"Law is the perfection of human reason; and *this law beats the whole statute book*. It is admirably expressed. *It uses words to conceal its meaning with an ingenuity that has never been equalled.* In the Senate there was no debate upon the report of the conference committee. Senators agreed that they had already debated the subject sufficiently, and Sprague, of Rhode Island, was the only member of the majority to vote in the negative."

The New York *Evening Post* (Radical) says:

"Mr. Grant, who promises to administer all laws according to their spirit, *will be unable to remove any officer, however unfit. He can only suspend him, and nominate a successor to the Senate at its next session.*"

We thus see how Radicals regard the matter. No one, after this, will believe that Grant is really "untrammeled," as he boasted in his Inaugural Address. He will be lashed on by the sharp whips of Butler and associates in the true Radical way, in which he must henceforth walk in "leading-strings." †

MRS. TURNER BURNT OUT.

The *Standard* calls upon us to know what about the burning of Mrs. Turner's house. We know nothing of it, we never heard of it. Some Orange friend must give us the particulars and we will publish. The last burning we witnessed was the burning of the *Standard* by the people in the streets of Statesville. A citizen elevated on boxes stood with a copy of the *Standard* containing that infamous article "Work." He set fire to and consumed the paper amid the silent, but deep indignation of a justly offended and outraged people.

The *Standard* seems to have been burnt out in Oxford and Yanceyville. We inquired of the Post-Master at Oxford, and last week of the Post Master in Yanceyville, as to the circulation of the *Standard*. At Oxford, Robert Lassiter and one other whose name we have forgotten made up the sum total of the *Standard's* subscribers at that office, while the *Sentinel* has 70 subscribers. Robert Lassiter is the kildee correspondent of the *Sentinel*, and the man who aided Cebe Harris and the Penitentiary Committee in the fraudulent purchase of 8,000 acres of land for the Penitentiary.

At Yanceyville the *Standard* had only two subscribers; we don't know whether they were married or single men, nor do we know if married what excuse they give to their wives for allowing that paper to come in their houses after the publication of their wives and daughters as base women. However, the two subscribers were only for three months and the red cross was on both. At that office the *Sentinel* has 25 subscribers. While we gather information as to the burning of Mr. Turner's house, we will also inquire where, besides Oxford and Yanceyville, the *Standard* has been burnt out.

NASH COUNTY, April 3, 1869.

Hon. Josiah Turner, Jr.:—

DEAR SIR: As I passed Raleigh after the main we had at Graham, I left the best game cock in the State for the best game man in the State. He whipped his fight as easily as you did yours in Davie Street.

Our cock-fight came off while Gov. Holden's militia were endeavoring to stir up war in Alamance. The cock fight soothed, as did the words of Grant, "let us have peace," it made the soldiers forget the glory of the battle field, and they enjoyed the fight and returned home without war or rumors of war. If the Governor will give us notice when he will call out the militia again we will have a cock-fight at the place of rendezvous. It is more innocent to kill chickens than men.

Very truly yours,
J. G. ARRINGTON.

We are obliged to young Arrington for the game cock. We understand that the militia carried no chickens with them.—We hope when the militia are called out again, that Hugh Jones, of Warren, will send each man under arms, a chicken. If the two secret societies, Leagues and Ku Klux, when called out to butcher each other, can let us have peace over a cock fight—then, we say, let us have the peace if it does cost chicken blood. If Hugh Jones will furnish the chickens for this campaign, we will promise to furnish Arrington's best game for the militia in the next campaign.

Wm. P. Hawkins, living near Henderson, had all his pork stolen last Wednesday night. The "hands" must live.

The Superior Court of Iredell is now in session, Judge Mitchell presiding. The State Docket was taken up Monday, and occupied several days. There was no capital case. Twelve or fifteen negroes were tried for larceny—chiefly robbing smoke houses, corn cribs, &c., and all but one were convicted.—*Statesville American.*

CHAPEL HILL.

RALEIGH, April 2, 1869.

Mr. Turner:—I have read your correspondent "&c., &c.," on the University, and take leave to differ with him decidedly.

I have just returned from a few weeks visit to the Hill. No North Carolinian with any manhood in him can go there now, and see what it has come to without mingled rage and mortification.

The President is a little formal arrogant prig, without two clear ideas in his brains beyond his own selfish aggrandizement, and his own two penny schemes. Mr. Pool is not even a grateful man, as Gov. Holden will one day find out. He is without respectable capacity either as a scholar or as a man of business, nor even as a disciplinarian of an old field school.

The adventurers who make up the Professional corps are quite worthy of their head. There is not a man among them of any reputation or any ability to make a reputation as a man of learning or as a teacher. They are however busy settling themselves for life—cutting down shade trees in their new abodes right and left, as if oaks grew every year like pea-vines. Between whiles they exercise themselves in teaching Long Division and The Rule of Three and the Latin and Greek Grammar's to six or eight village boys. Mr. Pool has two little nephews "in College" also, who are not quite as large as he. These are the "students;" this is the University.

Superintendant Ashley's brother in law had all the College servants this week busy hewing away at the great oaks in old Dr. Phillips' late yard. He is very nearly as shabby and poor looking a specimen of a man as President Pool. Not quite. He tucks his pantaloons into his boots and the boots being tolerably coarse and in need of blacking, the arrangement gives him on the whole rather a manly air.

I understand Mr. Ashley compliments his brother in law highly, and says there never has been such a Faculty there before. I agree with him. There never has been.

Is the General Assembly to appropriate one sixpence to the support of these needy adventurers? I trust not for the honor of the State. And I trust besides that the Land-Scrip fund will be so taken care of that not one cent shall find its way into their empty pockets. Let them be made to understand unequivocally that North Carolina scorns them and their pretensions to be a *University*. The whole troop ought to be led to the extreme eastern verge of the State and dismissed into the Atlantic with a harmless but ceremonious kick.

Did the ex-Committee of the Board of Trustees mean to insult the intelligence of North Carolina when they placed such men in the shoes of Gov. Swain, Dr. Phillips, Dr. Hubbard, and Prof's. Chas. Phillips, Hepburn and Martin?

I feel a sensation of unmittigated disgust when I contemplate the whole affair, and the only alleviation is the fact that not a single respectable North Carolina family has yet sent one student to this mockery of a University. Ought the General Assembly to appropriate a larger sum of money to support these five men in idleness, while the people of Chapel Hill proper are without means of livelihood? The College has been the life of the village. If that is dead, the village must starve. I hope if the $12,000, or as the remarkable wisdom of "H. H." suggests, if ever the $7,000 appropriation be made, there will be also a good round sum voted to support the citizens of the place, till "something shall turn up." How is Col. Guthrie to live if no students arrive there for him to examine as to their political creed.

If the Legislature is to be liberal at all, I want it to "go the whole hog," and provide for Chapel Hill in general. There are plenty of respectable people up there with quite as much claim on the State for support as the new Faculty. Y. Y.

For the Sentinel.

NORMAL SABBATH SCHOOLS.

Normal Sabbath Schools, for training teachers, and discussing the best methods of teaching, and of conducting Sabbath Schools, are of recent birth. The first of the kind ever organized was gotten up three years ago in North Carolina, by the Society of Friends, but other religious societies are now uniting with them in this work.

It was my privilege to attend the annual Convention this year, held at Sylvan Academy, in Alamance County, beginning on the 23d of March and closing on the 27th.

The daily average attendance, during the session, was about 200 persons. Of this number more than half were teachers and superintendents of Sabbath Schools. Such conventions are calculated to do much good, and would be a blessing to any neighborhood. Since we have no public schools in our State, Sabbath Schools are of very great importance; they offer the only opportunity to thousands of children for learning to read the Bible, or any other book. A wide field is open for mission workers. I trust young men and young women throughout the State will earnestly labor in this noble work, and make the Sabbath School, as far as possible, supply the deficiency of week-day Schools. Those who are engaged in this work are laboring in the vineyard of Christ; they are "casting bread upon the waters to be gathered after many days."

It may not be out of place to say a few words about Sylvan Academy. It is about 14 miles South of Graham, in a very moral and thriving neighborhood. The school is conducted on the most improved normal methods, and is under the care of S. Finley Tomlinson, (Principal,) aided by the very best assistants our country affords.

Such a school in each county of the State would tell favorably upon our educational interests. This school is not sectarian, and deserves the patronage of young men and young ladies, who desire a thorough and practical education. DUNES.

A shopkeeper purchased of an Irishwoman a quantity of butter, the lumps of which, intended for pounds, he weighed in the balance and found wanting. "Sure, its yer own fault if they are light," said Biddy, in reply to the complaints of the buyer; "its yer own fault, sir; for wasn't it with a pound of yer own soap I bought here that I weighed them?"

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES, INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious articles from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others being made of the best stock after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He cannot comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,982 policies.

Amount insured,	$10,005,550.00
Total Premiums,	380,117.83

The whole number issued by the Connecticut Mutual in the first year of its existence was 899

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	349
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York in the first year of its existence, only issued 470 policies.

In its 10th year,	1,360 "
And in its 20th year,	2,842 "

this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

LIFE INSURANCE.

The Most Vigorous and the General Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, President.
ABRAM D. POLHEMUS, Vice President.
WILLIAM M. COLE, Secretary.
D. P. FACKLER, Consulting Actuary.
DANIEL AYRES, M. D., LL. D., Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universal, recommended. It can be used on any stove or range, in any house, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat are driven up through tubes, poured upon the clothes, and forced through the fabrics with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not rub them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction,—a thorough rinsing finishes the process.

Washing can with no longer be a terror and drudge to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at JAQUES & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.
